August 2014

For August 2014, net remittances were **US\$162.3 million**, an increase of **US\$6.8 million** or **4.4 per cent** relative to the corresponding period of 2013 (Table 1). This resulted from an increase in gross remittance inflows and a contraction in outflows.

Gross remittance inflows for the month were **US\$183.9 million**, an increase of **US\$6.1 million** or **3.5 per cent** relative to the corresponding month of the previous year. These inflows were above the average of **US\$166.3 million** for the previous five corresponding periods (Graph 1). The out-turn for total remittance inflows reflected increases of **US\$5.4 million** and **US\$0.8 million** in flows through *Remittance Companies* and *Other Remittances*, respectively (Table 1).

January to August 2014

Net remittances for the calendar year 2014 to August were **US\$1 271.6 million**, which represented a growth of **US\$67.7 million** or **5.6 per cent** relative to 2013 (Table 2). The out-turn for the review period reflected an increase in gross inflows, fortified by a reduction in remittance outflows.

For the review period total remittance inflows were **US\$1 422.2 million**, representing an increase of **US\$53.7 million** or **3.9 per cent**. These inflows were above the average of **US\$1 294.2 million** for the previous five corresponding periods (Graph 2). Notably, remittance inflows for the year to-date were above the corresponding pre-crisis outturn for 2008.

The increase in total remittance inflows reflected an increase of **US\$59.4 million** in inflows through **Remittance Companies**. The increase in these flows was partly offset by a decline of **US\$5.7 million** in inflows from **Other Remittances**.

April to August 2014/15

For the 2014/15 fiscal year to August, net remittances were **US\$810.1 million**, an increase of **US\$37.6 million** or **4.9 per cent** relative to the corresponding period of the last fiscal year. This growth reflected an increase in gross remittance inflows which were supported by a contraction in outflows.

Total remittance inflows for the review period were **US\$907.5 million**, an increase of **US\$31.4 million** or **3.6 per cent** compared to the corresponding period of the preceding fiscal year. These inflows were above the average of **US\$825.9 million** for the previous five corresponding periods (Graph 3).

The increase in total remittance inflows reflected a **US\$37.4 million** or **5.0 per cent** improvement in inflows through *Remittances Companies*, which was partially offset by a **US\$6.0 million** or **4.6 per cent** reduction in flows via *Other Remittances* sub-category.
