January 2012

For January 2012, net remittances were **US\$126.3 million**, which represented an improvement of **US\$1.6 million** or **1.3 per cent** relative to the corresponding period of 2011 (Table1). This resulted from an increase in gross inflows which were partially offset by an increase in remittance outflows.

During the month, total remittance inflows were **US\$149.7 million**, an improvement of **US\$5.7 million** or **4.0 per cent** growth relative to the corresponding month of the previous year. The growth in total remittance inflows emanated from increases in both the *Remittance Companies* and *Other Remittances* sub-categories of **US\$3.8 million** and **US\$1.9 million** respectively (Table1). For the review month, increases in outflows of **US\$4.1 million** partially offset the positive growth in net remittances.

Monthly total remittance inflows of **US\$149.7 million** was above the previous five year monthly average of **US\$149.7 million** (Graph 1). This improvement resulted primarily from increased inflows through Remittance Companies.

Historical Trend in Remittance Inflows
Apr-Jan 2003/04-2011/12

Source: Bank of Jamaica

April to January 2011/12

For the first ten months of the 2011/12 fiscal year (FY), net remittances were **US\$1,468.6 million**, which represented an increase of **US\$87.1 million** or **6.3 per cent** relative to the corresponding period of the previous fiscal year. This resulted from positive growth in gross inflows though partially offset by an upturn in remittance outflows.

For the FY-to-January, total remittance inflows were **US\$1,695.1 million**, representing an increase of **US\$97.3 million** or **6.1 per cent** over the corresponding period of the preceding fiscal year. The positive growth in total remittance inflows emanated from both *Remittance Companies* and the *Other Remittances* sub-categories. *Remittance Companies* recorded an increase of **US\$82.7 million** or **6.1 per cent**, while *Other Remittances* had an increase of **US\$14.6 million** or **5.9 per cent**. For the review period, the upturn in outflows of **US\$10.2 million** partially offset the positive growth in net remittances.

The remittance inflows of **US\$1,695.1 million** for the first ten months of the 2011/12 fiscal year represents the largest inflow since FY 2008/09 and is consistent with positive developments in the source economies over the review period.
