July 2013

For July 2013, net remittances were **US\$149.7 million**, an increase of **US\$3.4 million** or **2.3 per cent** relative to the corresponding period of 2012 (Table 1). The growth in net remittance inflows reflected an increase in gross remittance inflows and a contraction in outflows.

Gross remittance inflows for the month were **US\$170.5 million**, an increase of **US\$1.6 million** or **1.0 per cent** relative to the corresponding month of the previous year. These inflows were above the average of **US\$166.0 million** for the previous five corresponding periods (Graph 1). The rise in total remittance inflows reflected an increase of **US\$3.3 million** in inflows through *Remittance Companies* and a decrease of **US\$1.7 million** in inflows via *Other Remittances* (Table 1).

Total remittance outflows for the review month decreased by **US\$1.7 million** to **US\$20.8 million**. The combined impact of inflows and outflows resulted in net remittance flows increasing for July 2013.

January to July 2013

Net remittances for January to July 2013 were **US\$1 049.0 million**, which represented a growth of **US\$11.7 million** or **1.1 per cent** relative to 2012 (Table 2). The out-turn for the review period reflected a reduction in outflows which were partly offset by a decline in inflows.

For the review period total remittance inflows were **US\$1 190.8 million**, a decrease of **US\$4.9 million** or **0.4 per cent**. However, these inflows were above the average of **US\$1 128.3 million** for the previous five corresponding periods (Graph 2). Remittance inflows for the year-to-date were marginally below the corresponding pre-crisis (2008) out-turn (Graph 2).

The decrease in total remittance inflows reflected a **US\$15.6 million** or **1.5 per cent** contraction in inflows through **Remittances Companies**, which was partly offset by a **US\$10.7 million** or **6.2 per cent** increase in flows through the **Other Remittances** sub-category (Table 2).

April to July 2013/14

For the 2013/14 fiscal year to July, net remittances were **US\$617.5 million**, an increase of **US\$16.9 million** or **2.8 per cent** relative to the corresponding period of the last fiscal year. This growth reflected an increase in gross inflows which were supported by a contraction in outflows.

Total remittance inflows for the review period were **US\$698.3 million**, the largest since the corresponding FY 2008/2009 pre-crisis out-turn (Graph 3). The rise of **US\$7.4 million** or **1.1 per cent** in total remittance inflows for the reporting period, relative to a year ago, reflected an increase of **US\$8.7 million** in inflows through **Other Remittances** and a decrease of **US\$1.3 million** in inflows via **Remittance Companies** (Table 3).
