### June 2015

For June 2015, net remittances were **US\$173.3 million**, an increase of **US\$19.7 million** or **12.8 per cent** relative to the corresponding period of 2014 (Table 1). The growth in net remittance inflows reflected an increase in gross remittances, which was partially offset by an expansion in remittance outflows.

Gross remittance inflows for the month were **US\$188.4 million**, an increase of **US\$20.1 million** or **11.9 per cent** relative to the corresponding month of the previous year. These inflows were above the average of **US\$166.7 million** for the previous five corresponding periods (Graph 1) and the highest recorded for a June outturn. The growth in total remittance inflows emanated from increases of **US\$16.1 million** and **US\$4.0 million** in flows through *Remittance Companies* and *Other Remittances*, respectively (Table 1).

**January to June 2015**

Net remittances for 2015 to-date were **US\$985.7 million**, which represented a growth of **US\$38.4 million** or **4.1 per cent** relative to the corresponding period of 2014 (Table 2). The out-turn for the review period reflected an increase in gross inflows, which was partially offset by a growth in outflows.

For the review period total remittance inflows were **US\$1 093.3 million**, representing an increase of **US\$40.8 million** or **3.9 per cent**. These inflows were above the average of **US\$1 003.0 million** for the previous five corresponding periods (Graph 2). Notably, remittance inflows for the year-to-date were above the corresponding pre-crisis out-turn for 2008.

The increase in total remittance inflows reflected an increase of **US\$40.8 million** in inflows through **Remittance Companies** while **Other Remittances** remained unchanged.

**April to June 2015/16**

For the 2015/16 fiscal year to June, net remittances were **US\$514.8 million**, an increase of **US\$30.2 million** or **6.2 per cent** relative to the corresponding period of the last fiscal year. This growth reflected an increase in gross remittance inflows which were supported by a reduction in outflows.

Total remittance inflows for the review period were **US\$565.2 million**, an increase of **US\$27.6 million** or **5.1 per cent** compared to the corresponding period of the preceding fiscal year. These inflows were above the average of **US\$514.1 million** for the previous five corresponding periods (Graph 3).

The increase in total remittance inflows reflected a **US\$29.2 million** or **6.3 per cent** improvement in inflows through **Remittances Companies**, which was partially offset by a **US\$1.6 million** or **2.3 per cent** reduction in flows via **Other Remittances** sub-category.
