

Performance of Automated Banking/Teller Machines (ABMs) for the month of February 2024

These outturns were taken from unaudited submissions made by the following banks to the Bank of Jamaica and, with the exceptions indicated in the notes section of the report, have been attested to by the respective managements as reflecting a true and fair representation of the affairs and condition of the banks at the reporting date. Bank of Jamaica does not in any way certify the accuracy or otherwise of the outturns reported by the respective banks.

Region	Entity	Total Number of ABMs	Total Number of ABMs in Operation	Percentage Share of ABMs in Operation (%)	Up Time During the Month (%)	Average Recovery Time During the Month (hours)

	Sector Total	251	237	94.4%	92.8%	6.2 hrs
Country		891	849	95.3%	92.9%	5.9 hrs

Notes:

ABMs in Operation - Refers to automated banking/teller machines that facilitate the successful completion of cash transactions (that is, cash deposits and withdrawals) by customers as at the time of reporting. For the purposes of this publication, machines with faults that do not inhibit the successful completion of cash transactions by customers are classified as operational.

Region - For the purposes of this publication, the KMA includes the parishes of Kingston and Saint Andrew, and Other Urban includes the parishes of Saint Catherine, Saint Ann, and Saint James. All other parishes are classified as Rural.

Up Time - Refers to the duration of time (during a 24-hour period) that the machine is operational and available for use for cash transactions. This is the opposite of down time.

Average Recovery Time - Refers to the average time (in hours) taken for the restoration of the normal functionality of an ABM following a fault(s) which inhibits the useability of the machine by customers for cash transactions. Recovery time should be computed from the time of the first notification of the fault to the time that the machine is fully restored and available for use by the public.

Blank spaces indicate data that is currently not available.

Bank of Nova Scotia Jamaica Limited: Outages noted in the report were attributed to overnight down time to facilitate the addition of \$2,000 notes to the ABM network (for dispensing). Additional outages were impacted by deep hardware remediation/maintenance being conducted across the ABM fleet (approximately 230 ABMs will be affected).

At the time of publication, attestation to the information provided in the report was not received from JMMB Bank (Jamaica) Limited.
