### March 2023:

Net remittance inflows of **US\$282.3 million**, increased by **2.1 per cent** or **US\$5.9 million** in comparison to March of 2022 (Chart 1). This was primarily due to the **US\$6.6 million** or **2.2 per cent** improvement in total remittance inflows partly offset by an increase in remittance outflows of **US\$0.7 million** or **4.0 per cent**. The increase in gross remittance inflows reflected growth in inflows via *Other Remittances* by **16.9 per cent** as inflows via *Remittance Companies* were flat (Table 1).

### Fiscal-Year 2022/23:

Net remittance inflows of **US\$ 3 227.6 million** declined by **0.4 per cent** or **US\$12.4 million** relative to the corresponding period in FY 2021/22. This decline resulted from a reduction of **1.1 per cent** or **US\$38.6 million** in total remittance inflows partly offset by a decline of **10.6 per cent** or **US\$26.2 million** in total remittance outflows (Table 1).

### Source of Remittance Inflows:

The largest source market of remittance flows to Jamaica for March 2023 continued to be the USA. Remittances from the USA accounted for **71.7 per cent** of total flows, the same ratio recorded for March 2022. Other source countries which contributed a notable share of remittances for the month were UK at **9.9 per cent**, followed by Canada and the Cayman Islands at **8.1 per cent** and **6.1 per cent**, respectively (Chart 2).

### Comparison with Other Countries:

For the January to March 2023 period, remittance inflows to Jamaica amounted to **US\$800.4 million** (Chart 4). This outturn represented an increase of **0.9 per cent** relative to the January to March 2022 period. Jamaica's growth of **0.9 per cent** compares with growth of **12.6 per cent**, **11.4 per cent** and **5.7 per cent** recorded by Guatemala Mexico and El Salvador, respectively, for the period (see Chart 3).
