* Provisional

** Growth relative to the corresponding period of the previous year

^ Flows through Remittance Companies

April 2022:

Net remittance inflows of **US\$271.6 million**, increased by **0.3 per cent** or **US\$ 0.9 million** in comparison to April of 2021 (Chart 1). Total remittance inflows remained flat, decreasing by only **US\$0.1 million**, further aided by a reduction of **5.8 per cent** or **US\$1.1 million** in total remittance outflows. The slight decrease in total gross remittance inflows largely reflected a decline of **0.9 per cent** in inflows via *Remittance Companies* partly offset by an increase in Inflows via the Other Remittances channel of **6.0 per cent** for the month of April (Table 1). The marginal decline in remittance inflows is partly due to decreased cash in hand remittances as travel recovers. Increased cost of living in the main source markets was also a factor.

Calendar- Year- to- April 2022:

Net remittance inflows of **US\$ 993.6 million** decreased by **1.9 per cent** or **US\$19.1 million** relative to the corresponding period in 2021. This decline stemmed from a decrease of **1.0 per cent** or **US\$11.2 million** in total remittance inflows further aided by an increase of **9.7 per cent** or **US\$7.8 million** in total remittance outflows (Table 1).

Source of Remittance Inflows:

The largest source market of remittance flows to Jamaica for April 2022 continued to be the USA. Remittances from the USA accounted for **70.8 per cent**, of total flows down from **72.3 per cent** recorded for April 2021. Other source countries which contributed a notable share of remittances for the month were Canada at **9.9 per cent**, followed by UK and the Cayman Islands at **9.7 per cent** and **5.9 per cent**, respectively (Chart 2).

Comparison with Other Countries:

For the January to April 2022 period remittance inflows to Jamaica amounted to, **US\$1082.0 million** (Chart 4). This outturn represented a decline of **1.0 per cent** as opposed to Guatemala which registered a growth rate of **24.9 per cent**. Similarly, El Salvador registered growth of **4.0 per cent** for the period (Chart 3).
