**Chart 2: Share of Remittance Inflows from Source Countries**

**Chart 3: Total Remittance Inflows to Jamaica (US\$ Millions)**

**Chart 4: Remittances for Selected Countries January-December 2025 (year-over-year % Growth)**

## December 2025:

Net remittance inflows of **US\$ 315.3 million** for December 2025, represents an increase of **13.6 per cent** or **US\$ 37.7 million** in comparison to December 2024 (Chart 1). This was primarily due to an increase of **US\$36.2 million** or **12.1 per cent** in total remittances inflows, supported by a decline in remittance outflows of **US\$1.5 million** or **7.2 per cent**. The increase in total remittance inflows was attributed to higher flows via the *Remittance Companies* channel as there was a marginal decline via the *Other Remittances* channel (Table 1).

## Fiscal Year to Date 2025:

Net remittance inflows of **US\$ 2483.8 million** represented an increase of **4.0 per cent** or **US\$96.0 million** relative to the corresponding period of the previous fiscal year. This was reflected in an increase of **4.0 per cent** or **US\$102.4 million** in Total Remittance inflows, this was partly offset by an increase of **3.7 per cent** or **US\$6.4 million** in remittance outflows (Table 1).

## Source of Remittance Inflows:

For the month of December 2025, remittance inflows increased across all major source corridors. Despite this broad-based growth, United States of America continue to be primary source market, accounting for **66.6 per cent** of total remittance inflows, although this was slightly lower than the **67.3 per cent** recorded in December 2024. Other significant contributors were the United Kingdom (**12.5 per cent**), Canada (**8.9 per cent**), and the Cayman Islands (**6.9 per cent**) (Chart 2).

## Comparison with Other Countries:

For calendar year (CY) 2025, remittance inflows to Jamaica amounted to **US\$3485.7 million** (Chart 3). This outturn represented an increase of **3.8 per cent** relative to CY 2024. Jamaica's increase of **3.8 per cent** for CY 2025 is compared to growth of **18.9 and 18.7 per cent** for El Salvador and Guatemala respectively and was in contrast to a decline of **4.6 per cent** for Mexico (Chart 4).
