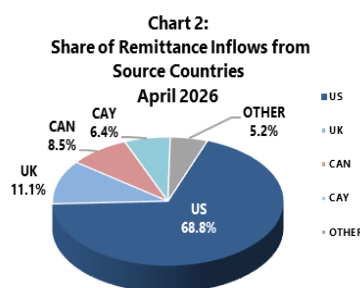

Chart 3: Total Remittance Inflows to Jamaica (US\$ Millions)

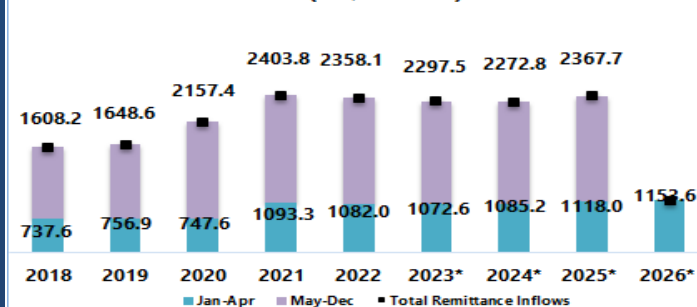

Chart 4: Remittances for Selected Countries January-April 2026 (year-over-year % Growth)

April 2026:

Net remittance inflows of **US\$ 274.5 million** for April 2026 represents a decline of **0.8 per cent** or **US\$2.3 million** in comparison to April 2025 (Chart 1). This was primarily due to a decline of **US\$1.4 million** or **0.5 per cent** in total remittance inflows, further aided by an increase in remittance outflows of **US\$1.0 million** or **5.1 per cent**. The decline in total remittance inflows was attributed to a reduction in flows via the *Other Remittances* channel, which was partly offset by higher flows via the *Remittance Companies* (Table 1)

Calendar Year to Date 2026:

Net remittance inflows of **US\$ 1074.8 million** represented an increase of **US\$34.3 million** or **3.3 per cent** relative to the corresponding period of the previous fiscal year. This was reflected in an increase of **US\$35.6 million** or **3.2 per cent** in total remittance inflows, which was partly offset by an increase of **US\$1.3 million** or **1.7 per cent** in remittance outflows (Table 1).

Source of Remittance Inflows:

For the month of April 2026, remittance inflows remained strong across all major source corridors. The United States of America continues to be the primary source market, accounting for **68.8 per cent** of total remittance inflows, similar to the share in April 2025. Other significant contributors were the United Kingdom (**11.1 per cent**), Canada (**8.5 per cent**), and the Cayman Islands (**6.4 per cent**) (Chart 2).

Comparison with Other Countries:

For January to April 2026, remittance inflows to Jamaica amounted to **US\$1153.6 million** (Chart 3). This outturn represented an increase of **3.2 per cent** relative to the corresponding period of 2025. Jamaica's increase of **3.2 per cent** for the calendar year to date compared to growth of **10.5 and 7.2 per cent** for Guatemala and El Salvador and, respectively and marginal growth for Mexico of **2.2 per cent** (Chart 4).
